- If not done yet: Set up a VPN connection on your computer. Follow these pages: <https://rrzk.uni-koeln.de/internetzugang-web/netzzugang/vpn>
- Make sure that you have an SSH client available on your computer.
- Connect to `compute.spinfo.uni-koeln.de`
(by entering `ssh USERNAME@compute.spinfo.uni-koeln.de`).
- Create a new directory called `sprachverarbeitung` (to store everything related to this class).
 - `mkdir sprachverarbeitung`
- Change into that directory.
 - `cd sprachverarbeitung`
- Copy the file `/resources/gutenberg/2/1/4/2149/2149-8.txt` into that directory.
 - `cp /resources/gutenberg/2/1/4/2149/2149-8.txt ./`
- Have a look into the file.
 - `less 2149-8.txt` (You can exit this interface by pressing Q).
- Rename the file to, e.g., `poe.txt`
 - `mv 2149-8.txt poe.txt`
- Close the ssh connection by entering `exit`
