April 18, 2023 (Summer term 2023)

- Launch a tmux session
- Copy the file `/teaching/summer-2023/sprachverarbeitung/training.py` into your directory (`sprachverarbeitung`)
- Train the model, note down it's performance
- Increase the number of numbers to compare, and let it run again
 - For this, you'll need to edit the file `training.py`
- Play around with the other parameters
